Notice to the person who issues or requests this subpoena

If this subpoena commands the production of documents, electronically stored information, or tangible things or the inspection of premises before trial, a notice and a copy of the subpoena must be served on each party in this case before it is served on the person to whom it is directed. Fed. R. Civ. P. 45(a)(4).

Federal Rule of Civil Procedure 45 (c), (d), (e), and (g) (Effective 12/1/13)**(c) Place of Compliance.**

(1) For a Trial, Hearing, or Deposition. A subpoena may command a person to attend a trial, hearing, or deposition only as follows:

- (A) within 100 miles of where the person resides, is employed, or regularly transacts business in person; or
- (B) within the state where the person resides, is employed, or regularly transacts business in person, if the person
 - (i) is a party or a party's officer; or
 - (ii) is commanded to attend a trial and would not incur substantial expense.

(2) For Other Discovery. A subpoena may command:

- (A) production of documents, electronically stored information, or tangible things at a place within 100 miles of where the person resides, is employed, or regularly transacts business in person; and
- (B) inspection of premises at the premises to be inspected.

(d) Protecting a Person Subject to a Subpoena; Enforcement.

(1) Avoiding Undue Burden or Expense; Sanctions. A party or attorney responsible for issuing and serving a subpoena must take reasonable steps to avoid imposing undue burden or expense on a person subject to the subpoena. The court for the district where compliance is required must enforce this duty and impose an appropriate sanction—which may include lost earnings and reasonable attorney's fees—on a party or attorney who fails to comply.

(2) Command to Produce Materials or Permit Inspection.

(A) *Appearance Not Required.* A person commanded to produce documents, electronically stored information, or tangible things, or to permit the inspection of premises, need not appear in person at the place of production or inspection unless also commanded to appear for a deposition, hearing, or trial.

(B) *Objections.* A person commanded to produce documents or tangible things or to permit inspection may serve on the party or attorney designated in the subpoena a written objection to inspecting, copying, testing, or sampling any or all of the materials or to inspecting the premises—or to producing electronically stored information in the form or forms requested. The objection must be served before the earlier of the time specified for compliance or 14 days after the subpoena is served. If an objection is made, the following rules apply:

- (i) At any time, on notice to the commanded person, the serving party may move the court for the district where compliance is required for an order compelling production or inspection.
- (ii) These acts may be required only as directed in the order, and the order must protect a person who is neither a party nor a party's officer from significant expense resulting from compliance.

(3) Quashing or Modifying a Subpoena.

(A) *When Required.* On timely motion, the court for the district where compliance is required must quash or modify a subpoena that:

- (i) fails to allow a reasonable time to comply;
- (ii) requires a person to comply beyond the geographical limits specified in Rule 45(c);
- (iii) requires disclosure of privileged or other protected matter, if no exception or waiver applies; or
- (iv) subjects a person to undue burden.

(B) *When Permitted.* To protect a person subject to or affected by a subpoena, the court for the district where compliance is required may, on motion, quash or modify the subpoena if it requires:

- (i) disclosing a trade secret or other confidential research, development, or commercial information; or

(ii) disclosing an unretained expert's opinion or information that does not describe specific occurrences in dispute and results from the expert's study that was not requested by a party.

(C) *Specifying Conditions as an Alternative.* In the circumstances described in Rule 45(d)(3)(B), the court may, instead of quashing or modifying a subpoena, order appearance or production under specified conditions if the serving party:

- (i) shows a substantial need for the testimony or material that cannot be otherwise met without undue hardship; and
- (ii) ensures that the subpoenaed person will be reasonably compensated.

(e) Duties in Responding to a Subpoena.

(1) Producing Documents or Electronically Stored Information. These procedures apply to producing documents or electronically stored information:

(A) *Documents.* A person responding to a subpoena to produce documents must produce them as they are kept in the ordinary course of business or must organize and label them to correspond to the categories in the demand.

(B) *Form for Producing Electronically Stored Information Not Specified.* If a subpoena does not specify a form for producing electronically stored information, the person responding must produce it in a form or forms in which it is ordinarily maintained or in a reasonably usable form or forms.

(C) *Electronically Stored Information Produced in Only One Form.* The person responding need not produce the same electronically stored information in more than one form.

(D) *Inaccessible Electronically Stored Information.* The person responding need not provide discovery of electronically stored information from sources that the person identifies as not reasonably accessible because of undue burden or cost. On motion to compel discovery or for a protective order, the person responding must show that the information is not reasonably accessible because of undue burden or cost. If that showing is made, the court may nonetheless order discovery from such sources if the requesting party shows good cause, considering the limitations of Rule 26(b)(2)(C). The court may specify conditions for the discovery.

(2) Claiming Privilege or Protection.

(A) *Information Withheld.* A person withholding subpoenaed information under a claim that it is privileged or subject to protection as trial-preparation material must:

- (i) expressly make the claim; and
- (ii) describe the nature of the withheld documents, communications, or tangible things in a manner that, without revealing information itself privileged or protected, will enable the parties to assess the claim.

(B) *Information Produced.* If information produced in response to a subpoena is subject to a claim of privilege or of protection as trial-preparation material, the person making the claim may notify any party that received the information of the claim and the basis for it. After being notified, a party must promptly return, sequester, or destroy the specified information and any copies it has; must not use or disclose the information until the claim is resolved; must take reasonable steps to retrieve the information if the party disclosed it before being notified; and may promptly present the information under seal to the court for the district where compliance is required for a determination of the claim. The person who produced the information must preserve the information until the claim is resolved.

(g) Contempt.

The court for the district where compliance is required—and also, after a motion is transferred, the issuing court—may hold in contempt a person who, having been served, fails without adequate excuse to obey the subpoena or an order related to it.

Re: Termination / Revocation of Louisiana Medicaid Provider Agreement
Provider Number 91338

Dear Mrs. Linton:

Based on the initial findings of Louisiana's investigation into Planned Parenthood Gulf Coast (PPGC), you are hereby notified that the Department of Health and Hospitals (DHH) is hereby terminating / revoking the PPGC provider agreement referenced above. This action is being taken pursuant to La. R.S. 46:437.11 and 46:437.14. This action will take effect following final determination, judgment, completion, withdrawal from, or termination of all administrative and/or legal proceedings in this matter. Such proceedings include, but are not limited to, informal hearings, administrative appeals, appeals for judicial review, appellate judgments, and/or denials of writ applications.

Specifically, it is clear that PPGC entered into a Federal False Claims Act settlement signed on July 25, 2013, by Melaney A. Linton, President and CEO of PPGC agreeing to pay \$4,300,000 to the United States who "contend[ed] that PPGC submitted false claims." Settlement Agreement, *Reynolds v. Planned Parenthood Gulf Coast*, No. 9:09-cv-124 (E.D. TX, Lufkin Div.) (July 25, 2013). In accordance with the Louisiana Administrative Code, Title 50, this is a violation. Further, under that same administrative code, PPGC had an affirmative duty to inform BHSF in writing of this violation. Since DHH, through BHSF, was not informed within ten (10) working days of when the provider knew or should have known of the violation, this constitutes a separate violation. Also under consideration in our departmental proceedings are provider audits and federal false claims cases against Planned Parenthood of America (PPFA) affiliates. Included among these are pending federal false claims cases against PPGC, one in which the presiding judge found that the information already provided "allows the court to draw the reasonable inference that Planned Parenthood knowingly filed false claims." Memorandum Opinion and Order at 17, *Carroll v. Planned Parenthood Gulf Coast*, 4:12-cv-03505 (S.D. TX, Houston Div.) (May 14, 2014). Providers and providers-in-fact are required to ensure that all their agents and affiliates are in compliance with all federal and state laws as well as rules, policies and procedures of the Medicaid program. PPGC and its parent organization PPFA has failed to do so and has failed to notify DHH of violations and misconduct by affiliates and providers-in-fact. These are also violations of La. Admin. Code, Title 50.

Further, in regard to the Center for Medical Progress (CMP) videos, DHH reviewed responses received from PPGC via letters dated July 24, 2015, and August 14, 2015, from Melaney Linton in response to DHH letters dated July 15, 2015, and August 4, 2015. After said review, DHH believes that PPGC misrepresented its actions therein and had contradictions within the body of the letter and with the statements and admissions made in the CMP videos, including but not limited to the video released on August 4, 2015 and taped in April of this year, containing conversations with PPGC senior management, including the PPGC director of research and PPCFC facility director.

According to La. R.S. 46:437.11(D)(2), the Secretary may terminate a provider agreement immediately and without written notice if a health care provider is the subject of a sanction or of a criminal, civil, or departmental proceeding. The Department determines that PPGC currently fits within this statute due to the investigations of PPGC by both DHH and the Louisiana Office of Inspector General. DHH expressly reserves the right to amend this notice and to terminate your provider agreement immediately and without written notice based on the further findings of the pending investigations by any department of Louisiana, any other State or state agency, or the pending investigations in the congressional committees. DHH has elected to provide PPGC with full due process rights as mentioned above and will not pursue immediate termination pursuant to this notice.

According to 46:437.14(A)(1), DHH may deny or revoke enrollment in the Medicaid program in cases of misrepresentation. As alleged above, DHH believes PPGC's responses to inquiries, when compared to clear representations in various videos, rises to the level of misrepresentation. Further, according to La. R.S. 46:437.14(A)(10) and (12), DHH may move to revoke enrollment if a provider is found in violation of licensing or certification conditions or professional standards relating to the licensure or certification of health care providers or the required quality of goods, services, or supplies provided. Also, a provider agreement can be revoked for failure to meet any condition of enrollment. As a Medicaid provider, PPGC is charged with maintaining compliance with all state statutes, rules and regulations, including the Louisiana Administrative Code mentioned above. PPGC's actions mentioned above are clear violations of applicable administrative code provisions and are clear violations of the statutes mentioned. Based on the conduct described, the above provider number is hereby being terminated / revoked.

You are entitled to an administrative review of this action and it is suspensive if you avail yourself of same. Initially, you should request an Informal Hearing at which you are entitled to both present information in writing or orally, present documents, and to further inquire as to the reasons for our determination. You must make your request for an Informal Hearing in writing and within fifteen (15) calendar days (including Saturdays and Sundays) of receipt of this notice. Your written request should be sent to:

Louisiana DHH, Office of Secretary
P.O. Box 3836
Baton Rouge, Louisiana 70821

You may be represented by an attorney or authorized representative at the Informal Hearing. Your attorney or authorized representative must file a written notice of representation identifying himself by name, address, and telephone number at the address given above.

Following the Informal Hearing you will receive a written Notice of the Results of the Informal Hearing from which you are entitled to seek an appeal before the Division of Administrative Law. This hearing will also be suspensive in nature. Your request for Administrative Appeal must be in writing and set out the reasons for which you are seeking an appeal and the basis upon which you disagree with the results of the Informal Hearing. All requests for an Administrative Appeal must be received within thirty (30) calendar days (including Saturdays and Sundays) of the receipt of this notice. Request for Administrative Appeal must be sent to the address given below.

P.O. Box 4189
Baton Rouge, Louisiana 70821-4189
Phone (225) 342-0443
Fax (225) 219-9823

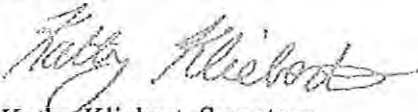

You may be represented by an attorney or authorized representative at the Administrative Appeal. Your attorney or authorized representative must file a written notice of representation identifying himself by name, address, and telephone number at the address above.

You may choose to forego the Informal Hearing and instead request an Administrative Appeal of this action. If you choose this alternative, please follow the procedure described above for scheduling an Administrative Appeal.

If you do not request an Informal Hearing or an Administrative Appeal, your termination will become effective thirty (30) days (including Saturdays and Sundays) from the date of your receipt of this letter.

R.S. 46:437.11(D)(2), the Secretary may terminate a provider agreement immediately and without written notice if a health care provider is the subject of a sanction or of a criminal, civil, or departmental proceeding. The Department determines that PPGC currently fits within this statute due to the investigations of PPGC by both DHH and the Louisiana Office of Inspector General. DHH expressly reserves the right to amend this notice and to terminate your provider agreement immediately and without written notice based on the further findings of the pending investigations by any department of Louisiana, any other State or state agency, or the pending investigations in the congressional committees. DHH has elected to provide PPGC with full due process rights as mentioned above and will not pursue immediate termination pursuant to this notice.

According to 46:437.14(A)(1), DHH may deny or revoke enrollment in the Medicaid program in cases of misrepresentation. As alleged above, DHH believes PPGC's responses to inquiries, when compared to clear representations in various videos, rises to the level of misrepresentation. Further, according to La. R.S. 46:437.14(A)(10) and (12), DHH may move to revoke enrollment if a provider is found in violation of licensing or certification conditions or professional standards relating to the licensure or certification of health care providers or the required quality of goods, services, or supplies provided. Also, a provider agreement can be revoked for failure to meet any condition of enrollment. As a Medicaid provider, PPGC is charged with maintaining compliance with all state statutes, rules and regulations, including the Louisiana Administrative Code mentioned above. PPGC's actions mentioned above are clear violations of applicable administrative code provisions and are clear violations of the statutes mentioned. Based on the conduct described, the above provider number is hereby being terminated / revoked.

You are entitled to an administrative review of this action and it is suspensive if you avail yourself of same. Initially, you should request an Informal Hearing at which you are entitled to both present information in writing or orally, present documents, and to further inquire as to the reasons for our determination. You must make your request for an Informal Hearing in writing and within fifteen (15) calendar days (including Saturdays and Sundays) of receipt of this notice. Your written request should be sent to:

Louisiana DHH, Office of Secretary
P.O. Box 3836
Baton Rouge, Louisiana 70821

You may be represented by an attorney or authorized representative at the Informal Hearing. Your attorney or authorized representative must file a written notice of representation identifying himself by name, address, and telephone number at the address given above.

Following the Informal Hearing you will receive a written Notice of the Results of the Informal Hearing from which you are entitled to seek an appeal before the Division of Administrative Law. This hearing will also be suspensive in nature. Your request for Administrative Appeal must be in writing and set out the reasons for which you are seeking an appeal and the basis upon which you disagree with the results of the Informal Hearing. All requests for an Administrative Appeal must be received within thirty (30) calendar days (including Saturdays and Sundays) of the receipt of this notice. Request for Administrative Appeal must be sent to the address given below.

State of Louisiana
Department of Health and Hospitals

PO Box 91030
Baton Rouge, LA 70821-9030

Dear Director Steele:

This letter is in response to recent actions taken by the State of Louisiana to terminate its Medicaid provider agreements with Planned Parenthood Gulf Coast (PPGC). As previously discussed with the state on August 4, 2016, the Centers for Medicare & Medicaid Services (CMS) would like to remind the state of its obligation to remain in compliance with the “free choice of provider” requirements specified in section 1902(a)(23) of the Social Security Act (the Act). In addition, the state is obligated to ensure beneficiary access to covered services under section 1902(a)(30)(A) of the Act. As highlighted below, CMS seeks a response from the state detailing its compliance with those requirements.

Under federal law, at section 1902(a)(23) of the Act, a Medicaid beneficiary may obtain medical services "from any institution, agency, community pharmacy, or person, qualified to perform the service or services required . . . who undertakes to provide him such services." This provision is often referred to as the "any willing provider" or "free choice of provider" provision. While states maintain the authority to establish reasonable standards for provider qualifications (in accordance with 42 C.F.R. § 431.51(c)(2)), any willing provider that is qualified to provide covered services according to the reasonable standards established by the state must be allowed to provide such services to Medicaid beneficiaries. For further discussion of the “Free Choice of Provider Provisions,” see [State Medicaid Director Letter](#) #16-005, published on April 19, 2016.

In addition, CMS is concerned about the effect the termination of the provider agreement with PPGC would have on Louisiana Medicaid beneficiaries’ access to women’s health services within the state. Section 1902(a)(30)(A) of the Act requires that states have methods and procedures to ensure that there are sufficient providers so that care and services are available to Medicaid beneficiaries “at least to the extent that such care and services are available to the general population in the area.” It is not clear that this access requirement would be met for beneficiaries in several areas in Louisiana without the participation of PPGC, absent other changes in Louisiana’s program.

Although states have authority to terminate providers from participating in Medicaid, this authority is limited to circumstances implicating the fitness of the provider to perform covered medical services or appropriately bill for them. States must terminate those providers that have

committed certain types of fraud or other criminal acts related to involvement with the Medicare, Medicaid or the Children's Health Insurance Program (CHIP) programs. States must also terminate providers subject to federal disbarment or exclusion determinations. As explained in the April 2016 guidance, states must have a valid reason for terminating a provider, related to the provider's ability to render covered services or to properly bill for those services – reasons, for instance, that bear on the individual's or entity's professional competence, professional performance, or financial integrity.

We are unaware of any basis for Louisiana to terminate PPGC's provider agreements, which would be consistent with these limited reasons for excluding providers from Medicaid participation. Therefore, we ask that you provide information to CMS documenting the state's basis for termination, including documentation and supporting evidence that answers the following questions:

1. Why does the state believe that there were violations of La R.S. 46:437.11 and 46:437.14?
2. Has the state terminated other types of providers for similar violations of these provisions?
3. How do the state provisions located at La R.S. 46:437.11 and 46:437.14 relate to the fitness of the providers to furnish covered services or its ability to appropriately bill for them in accordance with the approved state plan?
4. Why does the state believe that there were violations of the State's Administrative Code Title 50?
5. How does the State's Administrative Code Title 50 relate to the fitness of the providers to furnish covered services or its ability to appropriately bill for them in accordance with the approved state plan?
6. Does the state have evidence that the provider has committed fraud or criminal action, was in material non-compliance with relevant requirements, or had material issues concerning its fitness to perform covered services or appropriately bill for them? If so, please provide that evidence.
7. How will the state's actions affect access to women's health services in the state, including the state's ability to comply with the requirements set forth in section 1902(a)(30)(A)?

To the extent that Louisiana's actions conflict with federal law, CMS may take further actions to protect Medicaid beneficiaries using its authority under section 1904 of the Act, as implemented at 42 Code of Federal Regulations (CFR) 430.35 and 42 CFR Part 430, Subpart D. Please submit a response to this letter explaining the reasons for the termination of PPGC, and the state's analysis of access issues, by September 6, 2016. Absent a response by this date indicating how Louisiana is in compliance with section 1902(a)(23), CMS may initiate a compliance action that could result in the withholding of federal funds.

Should the state have any questions or wish to discuss the federal requirements applicable to this matter, please feel free to contact me at (410)786-3870.

Sincerely,

Ms. Wachino,

The Louisiana Department of Health (LDH) is in receipt of your letter of August 11, 2016 in regards to the actions taken on the Medicaid provider agreements with Planned Parenthood Gulf Coast (PPGC). We appreciate the extra time given to LDH to respond to the letter in light of the flooding event.

First, LDH takes its responsibility to administer the Medicaid Program in accordance with all federal and state laws very seriously. Cooperation by a Medicaid provider during an investigation into potential wrongdoing is a cornerstone to fulfilling this obligation. Second, LDH is well aware of the right of a Medicaid recipient to choose a Medicaid provider from the pool of eligible, qualified providers. However, a Medicaid provider that is disqualified from the program must exhaust the required administrative review process before seeking judicial review. Louisiana's Administrative Code protects the Medicaid recipients during the review by making the process suspensive, effectively staying the administrative action until the process concludes. The ruling by the Court to allow Medicaid recipients to challenge a disqualification decision in federal court during the administrative process, or after a provider abandons that process, will have a grave impact on Medicaid administration. Based on this recent Court decision, it is only a matter of time before disqualified Medicaid providers attempt to recruit Medicaid recipients to file lawsuits that a Medicaid provider may not be allowed to file.

With regard to the action referenced in the August 11, 2016 letter, LDH had a good faith basis to investigate PPGC following the revelations, in which you are aware. Any reasonable person would agree that the information in the video was concerning and warranted further investigation. Based in part on the position of CMS regarding the at-will termination, LDH voluntarily withdrew that action and proceeded with a termination for-cause. LDH fully anticipated that PPGC would proceed with the administrative review process, during which its Medicaid recipients were assured access. Regrettably, PPGC instead chose to abandon the administrative appeal process, risking the care to all of its Medicaid recipients and brought a lawsuit by three Medicaid recipients recruited by PPGC.

With regard to your specific questions, we offer the following:

1. Why does the state believe that there were violations of La R.S. 46:437.11 and 46:437.14?

Please see attached letters sent to PPGC on September 15, 2015.

2. Has the state terminated other types of providers for similar violations of these provisions?

Yes.

3. How do the state provisions located at La R.S. 46:437.11 and 46:437.14 relate to the fitness of the providers to furnish covered services or its ability to appropriately bill for them in accordance with the approved state plan?

Please see attached letters sent to PPGC sent on September 15, 2015. The provisions of La R.S. 46:437.11 and 46:437.14 are an important part of the authority structure that enables LDH to administer the state plan in a fiscally, professionally, and morally responsible manner that protects Medicaid recipients and public resources.

4. Why does the state believe that there were violations of the State's Administrative Code Title 50?

Please see attached letters sent to PPGC on September 15, 2015.

5. How does the State's Administrative Code Title 50 relate to the fitness of the providers to furnish covered services or its ability to appropriately bill for them in accordance with the approved state plan?

Please see attached letters sent to PPGC on September 15, 2015.

6. Does the state have evidence that the provider has committed fraud or criminal action, was in material non-compliance with relevant requirements, or had material issues concerning its fitness to perform covered services or appropriately bill for them? If so, please provide that evidence.

Please see attached letters sent to PPGC on September 15, 2015.

7. How will the state's actions affect access to women's health services in the state's ability to comply with the requirements set forth in section 1902(a)(30)(A)?

The action taken by the state regarding PPGC did not affect Medicaid recipient access to health care because the action was not final and was subject to a fully suspensive administrative review. PPGC inexplicably abandoned that process and, instead, obtained a preliminary injunction. The result to the Medicaid recipient is the same; access to women's health services has not been disturbed.

LDH believes this adequately addresses the issues raised in the letter of August 11, 2016. As always, LDH's primary concern is the care and health of the Medicaid recipients it serves through the Louisiana Medicaid program. None of the actions taken against PPGC affected the health or access to health care services of any Louisiana Medicaid recipients.

Sincerely,
